DANI NAHLE

SENIOR SOFTWARE DEVELOPER | .NET FULL STACK

Beirut Governorate, Lebanon | dani.nahleh@gmail.com | +96171529296 | LinkedIn/dani-nahle

---

PROFILE

Senior Software Developer with over 7 years of experience designing, building, and maintaining scalable web and enterprise applications. Strong expertise in .NET (Core, 6-8), C#, and modern architectural patterns including Microservices, Clean Architecture, and CQRS. Proven ability to deliver complex, high-impact solutions in hybrid and remote environments for international organizations and enterprise clients. Adept at full-stack development, cloud deployment, and cross-functional collaboration.

PROFESSIONAL EXPERIENCE

Software Developer, United Nations (ESCWA)   Oct 2023 — Present

Beirut

- **Platform Architecture:** Architected scalable backend services using **Microservices** and **.NET 7/8**, delivering secure, high-performance region-wide platforms.

- **Full-Stack Development:** Led development using **ASP.NET Core and Blazor**, integrating **RESTful APIs** for complex business workflows and cross-system data exchange.

- **DevOps & Cloud:** Managed **CI/CD pipelines** via GitHub Actions and Azure DevOps; containerized applications with **Docker** for deployment in Azure environments.

- **Database Optimization:** Designed and optimized database schemas, stored procedures, and SQL functions to improve data accuracy and query performance.

Full Stack Web Developer, Koein SAL   May 2019 — Oct 2023

Beirut

- **High-Scale Platform Management:** Scaled and managed 20+ production web applications, optimizing systems to support 10 million daily visitors.

- **E-Commerce & CMS:** Engineered custom e-commerce and online ordering systems, designing end-to-end schemas and custom CMS solutions utilizing **LINQ and SQL** for high-performance data retrieval.

- **Database & DevOps:** Managed **SQL Server** environments and led end-to-end deployments to client environments, ensuring data integrity and reliable reporting.

- **SEO & Performance:** Implemented technical SEO and Meta-Tag strategies, resolving performance bottlenecks to achieve **first-page Google rankings** for key projects.

EDUCATION

Lebanese International University   Oct 2015 — Jun 2018

Bachelor of Science in Computer Science

- GPA: 3.25 / 4.0
- Certified Network Associate (CCNA 1, 2, 3)

SE Factory (Cycle 7)

Intensive Full Stack Web Development Boot Camp (14 weeks)

TECHNICAL SKILLS

Backend Development: .NET 8/7/6, .NET Core, ASP.NET Core, ASP.NET MVC, Web API, C#, Entity Framework Core, LINQ

Frontend Development: Angular, Blazor, Razor Pages, JavaScript, TypeScript, HTML5, CSS3, jQuery, AJAX

Mobile Development: .NET MAUI

Databases: SQL Server, MySQL, PostgreSQL, Firebase, SQLite

DevOps and Tools: Azure, Docker, Git, CI/CD (GitHub Actions, Azure DevOps), Postman, xUnit

Architecture and Security: Microservices, Clean Architecture, CQRS, RESTful APIs, JWT Authentication, Monolithic Systems

Specializations: E-commerce, Financial Transaction Systems, Device Management, CMS.

TECHNICAL PROJECT

- **Josour (AI Job Platform):** Engineered a matching engine using **LLM libraries** for skill parsing/mapping; implemented Skill Gap Analysis, automated CV builders, and **Identity Server** (2FA).
- **ONDP (Analytics):** Actualized interactive nested data structures via **AG Grid** and high-performance visual reports using **eCharts** to improve data accessibility for international stakeholders.
- **IAN (Emergency System):** Designed a **UNECE** notification system with a multi-channel SMS/Email engine and a real-time SignalR chat system integrated into report workflows.
- **Agile Leadership:** Led technical meetings with international clients in Oman and collaborated with cross-functional QA and product teams in **Agile/Scrum** settings
- **Toyota & Lexus Lebanon:** Enhanced the digital customer journey by building real-time "Test Drive" bookings, "Compare Vehicles," and "Book a Video Chat" features using **ASP.NET MVC and AJAX.**
- **Credit Libanais:** Upgraded the banking portal with secure **Payment Gateway integrations** and digital loan application modules developed in **Angular**.
- **Basma Charitable Society:** Engineered a secure donation portal and a custom **Transaction Log System** for cross-referencing bank records and financial reconciliation.

LEADERSHIP & VOLUNTEER EXPERIENCE

Toastmasters International   **Jan 2024 — Present**

Protoast Club, Beirut

- **Sergeant at Arms (Jan 2026 — Present):** Oversees end-to-end logistics and technical operations, including A/V setup for meetings and workshops, while managing venue negotiations and external partnerships to ensure seamless event execution.
- **Vice President Membership (Jan 2025 — Dec 2025):** Drove club growth through community outreach and new member recruitment, while fostering internal retention by resolving member issues and collaborating on long-term strategic planning.
